Top Secret

With The HomeSmart Appliance Repair Plan From Citizen's Gas

Uncover the Money Savings Secrets of the HomeSmart Plan! A single service call can run \$90, \$150, \$200, or more. Yet HomeSmart Service Plans start at \$9 per month - so a year of HomeSmart can be less than a single repair! Select a plan, then if a covered appliance breaks down, you're automatically covered. With just one phone call, a trained appliance detective comes and takes care of the repair.

It's that simple.

What's their SECRET??
