

Citizens Gas Fuel Company

Comfort, convenience
and peace of mind...
All Year Long.

- Coverage for gas and electric appliances!
- Four plans to choose from
- Convenient payment options

HomeSmart Plan has you covered all year 'round!

With the assurance of Citizens Gas HomeSmart Plan, you can breathe easy. The last thing you need is the added expense of an unexpected appliance repair. Even the simplest repair could cost you hundreds of dollars, but it may not if you're covered by HomeSmart Plan, the appliance repair program from Citizens Gas Fuel Company.

Select a plan, then a covered appliance breaks down, you're automatically covered. With just one phone call, a trained technician comes and takes care of the repair. It's that simple. For one low monthly fee, the HomeSmart Plan is a great value compared to the high cost of appliance repair.

That's a good reason to enroll. But if you're still not sure, consider these...

- 1. Covered labor and covered parts are FREE!** With one service request, you could save hundreds of dollars. To see just how much you could save on typical repairs, check the chart on the back.
- 2. No deductible.** Unlike some other appliance repair plans, HomeSmart Plan has no hidden costs.
- 3. Protection for many gas and electric appliances.** The more appliances covered by your plan, the more you're protected.
- 4. Plans starting as low as \$11.00 per month.**
- 5. Add appliances to your plan anytime!** Protect yourself even more by adding other appliances in your home to your HomeSmart Plan coverage for only a few additional dollars per month. See the enrollment form for details.
- 6. Service you can trust.** Covered repair service is provided by dedicated Citizens Gas technicians.
- 7. Peace of mind knowing that everything will be handled for you.** No worries about who is doing the repairs. No worries about the cost. And you can balance your budget every month without worrying about unexpected repair expenses.
- 8. Here's one more reason.** Winter's coming! The weather may be nice now, but winter is right around the corner. That's when you rely on your furnace and water heater the most. Make sure your home and family stay warm and cozy by protecting them with HomeSmart Plan!
